

Subject Index

Volume 73

- Abdominal obesity, in women, whole-body and adipose tissue glucose metabolism in response to short-term fasting in, 517
- Acid stability, and quality assurance criteria for probiotics, 393S
- Acidophilus milk, probiotics in fermented foods, 374S
- Adipose tissue, β -oxidation of linoleate in, 709
- Adiposity
and concentrations of β -carotene and α -tocopherol, 777
in Hispanic and white women, 13
- Adolescents
overweight, prevalence in US, 1086
yogurt as immunomodulator for, 494S (Abstract)
- β -Adrenergic antagonist, and effects of weight loss on fat metabolism, 523
- African American children
body fat in, 687
energy expenditure and body composition during puberty, 308
resting energy expenditure in, 149 (Editorial)
- Aging
and decrease in resting energy expenditure, 333
hyperhomocysteinemia and poor recall, 927
- Alcohol
consumption by elderly, and folate intake and homocysteine, 628
LDL cholesterol in men and, 736
plasma total homocysteine and, 613
- American ginseng, and postprandial glycemia, 753
- Amino acid(s)
in dengue, 647
in Guatemalan adults, 647
kinetics, in patients with sepsis, 908
metabolism
in patients with sepsis, 908
tyrosine requirement of healthy men and, 276
oxidation, and lysine requirements, 900
supplementation, and phenylketonuria, 153
- Anemia, iron status in Indonesian children, 1034
- Anorexia nervosa
assessing body composition in, 190
body composition and, 358 (Letter), 851 (Editorial)
fat distribution and estrogen during weight gain in, 865
metabolic rate and body composition in, 358, 359 (Letters)
yogurt as immunomodulator for, 494S (Abstract)
- Anthelmintic treatment, of Bangladeshi children, 53
- Anthocyanins, absorption in elderly women, 920
- Anthropometry
body-composition changes in young women and, 268
report from CDC workshop on use of, 123
skinfold-thickness measurements and, 567
- Antibiotic(s)
-associated diarrhea, probiotics and, 430S, 1147S
clinical applications of probiotics and, 1147S
- Antigenotoxicity, role of probiotics and prebiotics in colon cancer, 451S
- Antioxidant(s)
activity of lactobacilli, 495S (Abstract)
adiposity and, 777
anthocyanin absorption in elderly women, 920
diet and, 777
endothelial function and, 673
nonheme-iron absorption and, 607
smoking and, 777
status, in Korean men with cardiovascular disease, 68
vitamin E
cardiac autonomic nervous system in type 2 diabetes and, 1052
requirement, 1003
supplementation in congestive heart failure, 219
- APOE* See Apolipoprotein gene
- Apolipoprotein A-I, soy isoflavones and lipids in postmenopausal women, 225
- Apolipoprotein E
effect on LDL-cholesterol concentrations, alcohol and, 736
- Apolipoprotein gene
diet and, 669 (Editorial)
high-carbohydrate compared with high-fat diet, 878
LDL-cholesterol concentrations, alcohol and, 736
polymorphism, and hypertriglyceridemic effect of sucrose, 746
- Apoptosis, vitamin E, cancer and, 1113 (Letter)
- Arachidonic acid
birth weight and, 797
infant concentrations of and birth outcome, 807
supplementation with, natural killer cell activity and, 539
- Arginine, and effect of perioperative nutrition on head and neck cancer patients, 323
- L-Arginine, and dietary modulation of endothelial function, 673
- Ascorbic acid
iron absorption and, 283
nonheme-iron absorption and, 93
- Aspirin, vitamin E and, 1003
- Atopic dermatitis, nutritional skin care and, 853
- Atopy
clinical applications of probiotics, 1147S
probiotics in human disease, 1142S
- Bacteria**, pathologic and physiologic interactions with gastrointestinal epithelium, 1124S
- Bacterial vaginosis, probiotics and, 437S
- Bangladesh, children, anthelmintic treatment of, 53
- Basal metabolic rate
and body composition in anorexia nervosa, 358 (Letter)
measurement, 549
- Baton Rouge Children's Study, 687
